

## **CONSTRUCTION CORNER**

### **Bridge Repairs – 2019**

**(April 4, 2019) - Project Overview** - The Bridge Repairs-2019 project includes a series of maintenance and safety improvements to the Main Street Bridge, Silk Creek Bridge and the Harrison Avenue Bridge. Construction will occur at various times through May 24, 2019.

#### **Looking ahead –**

- Week of Monday, April 8 - The Contractor is scheduled to begin approximately four weeks of **renovations\repairs to bridge railings and concrete pillars** at the Main Street Bridge and the Silk Creek Bridge. The work will generally include:
  - Containment scaffolding and tarps will be placed to prevent hazardous materials from falling into the waterway.
  - Hazardous materials from the power washing and paint scraping will be disposed following state and federal requirements.
  - No traffic lanes will be closed during these steps.
  - Detour routes will be setup to redirect pedestrians during this work.
- The **installation of steel plates** at Silk Creek Bridge has been postponed until approximately April 29 due to unforeseen equipment repairs by the Contractor.
- **Asphalt grinding and repaving** will occur when the steel plates are installed at the Silk Creek Bridge, and the Main Street deck has been resurfaced.
- **The expected project finish date remains May 24, 2019.**

The traveling public should anticipate delays traveling or near the construction. Please drive cautiously, observe all construction signage, and use alternate routes if possible.

This project is weather-dependent and the weekly schedule is likely to change.

Please call Public Works Engineering at 541-942-3340 with any questions.
